Information for the visiting fans

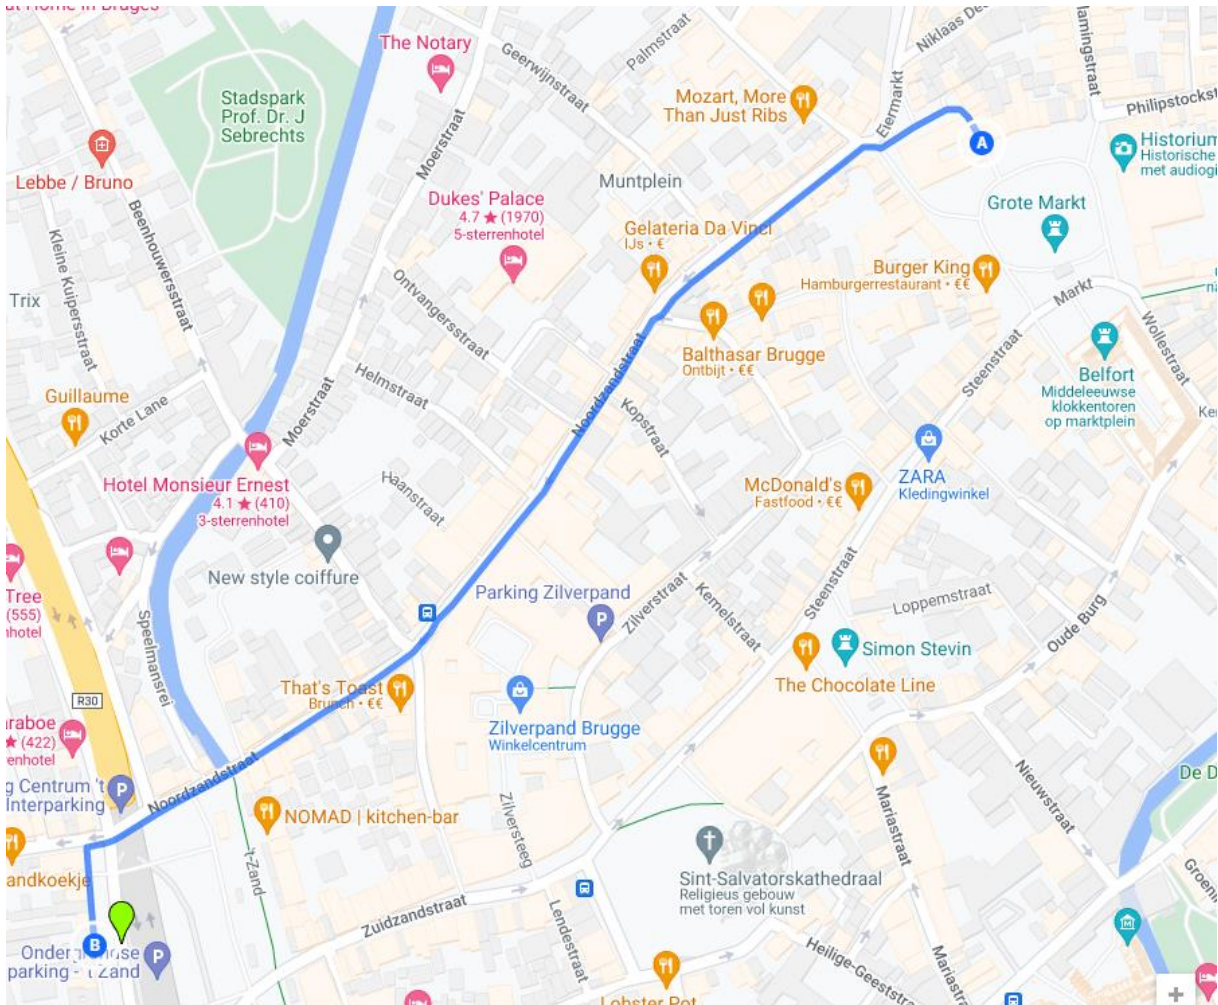

Politie

All fans of Atalanta fans are welcome in the entire city centre of Bruges. There are plenty of things to see and a lot of pubs and restaurants. Most of the times the fans of the visiting team gather in the “Eiermarkt” area. That is a little square near the Market place, all with pubs. We would recommend the fans to go somewhere in that area to gather before the game, but of course they can stay elsewhere in the city if they like.

To go to the stadium, we offer a free shuttle service from the city centre to the visitors section of the stadium with busses. These busses will operate from the square “Vrijdagmarkt” and will start to ride around 17.00 hours until 18.30 hours. After the game, the same busses will bring the fans back from the stadium to the city.

Meeting point for the shuttles (Vrijdagmarkt), is situated approx 600 metres from the Eiermarkt. If the Atalanta supporters would like to do a short fan walk from the Eiermarkt towards the shuttle service that is no problem and ok for us.

Shuttles will be escorted by police and the drive takes about 10 minutes. Meeting point for the shuttles will be marked with LED-boarding.

A fan walk all the way towards the stadium is not allowed while it is too far away (6 km) and also unsafe.

We advise the fans also not to go around the stadium area prior to the game as that is the area for the home fans. If they should be detected in the pubs around the stadium they will be asked to leave and go to the city centre, being the designated area for the away fans.

Fans who use their own transportation to come to Bruges are requested to park in the city centre and use the shuttles towards the stadium and back. There are plenty of parking lots around the city center.

Only regular coaches and minibusses will be allowed on the visitors parking at the stadium, as well as private transportation of disabled people. No private cars.

Busses that are coming to Bruges and would like to leave immediately after the game, can first drop their passengers in the city centre (Vrijdagmarkt or Bargeweg) and drive empty to the parking lot at the stadium (Doornstraat). A steward will be present at the visitors parking from 10.00 AM. Fans on these busses then can use the free shuttles to the stadium and after the game go back with their own coach that will be waiting for them at the stadium exit.

It is our intention to welcome the visiting fans in the best possible way and hope that everyone can enjoy a pleasant stay. We would like to thank everyone in advance for their cooperation.
